

Loïc Labache, Ph.D.

Postdoctoral Associate in Psychiatry

Department of Psychiatry,
Rutgers University,
Piscataway, NJ, USA

✉ loic.labache@rutgers.edu

🌐 loiclabache.github.io

ORCID ▪ Scholar

Academic Appointments

- 2023 – Present **Postdoctoral Associate**, *Department of Psychiatry*, Rutgers University – Piscataway, NJ, US. PI: Prof. Avram J. Holmes
- 2023 – 2025 **Research Collaborator**, *Department of Psychology*, Yale University – New Haven, CT, US. PI: Prof. Gregory McCarthy
- 2021 – 2023 **Postdoctoral Associate**, *Department of Psychology*, Yale University – New Haven, CT, US. PI: Prof. Avram J. Holmes
- 2020 – 2021 **Postdoctoral Associate**, *Department of Epidemiology, French National Institute of Health and Medical Research (Inserm)*, Université de Bordeaux – Bordeaux, FR. PI: Dr. Cécilia Samieri

Education

- 2017 – 2020 **Ph.D.** (Neuroimaging & Cognitive Neuroscience), *Doctoral School of Mathematics and Computer Science – Université de Bordeaux*, Bordeaux, FR
Dissertation: Elaboration of Brain Network Atlases Underpinning Lateralized Cognitive Functions
PI: Dr. Nathalie Tzourio-Mazoyer, Dr. Marc Joliot, & Prof. Jérôme Saracco
- 2014 – 2017 **M.S.** (Engineering Degree), *Institut Polytechnique de Bordeaux*, Talence, FR
Computer Science, Cognitive Neurosciences, Applied Mathematics.
- 2011 – 2014 **B.S.**, *Université de Bordeaux*, Bordeaux, FR
Cognitive Neurosciences, Computer Science, Applied Mathematics.

Funding and Fellowships

Funded

- 2025 – 2026 **Rutgers University**, *Rutgers Health Center for Biomedical Informatics & Health Artificial Intelligence – Postdoctoral Health AI Research Fellows*
- 2017 – 2020 **CEA Graduate Research Fellowship**, *French Alternative Energies and Atomic Energy Commission – Paris, FR.*

Pending Applications

- Pending **National Institute of Mental Health**, *NIH K99/R00 – Pathway to Independence Award*

Honors & Awards

- 2026 **Rutgers Brain Health Institute Trainee Travel Award**, *Brain Health Institute, Rutgers University – Piscataway, US-NJ.*
- 2024 **Aperture Neuro 2023 Best Paper Award**, *Organization for Human Brain Mapping – Seoul, KR.*
- 2023 **Runner-Up Trainee Prize**, *The Neuro - Irv and Helga Cooper Foundation Open Science Prizes – Montréal, CA.*
- 2023 **Merit Award Abstract Winner**, *Organization for Human Brain Mapping – Montréal, CA.*

Publications

Presentations

Invited Talks

17. **Behrmann Lab's Meeting**, University of Pittsburgh – Pittsburgh, PA, US. (September 15th, 2026). *The Architecture of Human Hemispheric Specialization: From Functional Networks to Molecular Organization*.
16. **Rutgers Center for Biomedical Informatics & Health Artificial Intelligence Trainee Symposium**, Rutgers University – Piscataway, NJ, US. (July 31st, 2026). *Toward Precision Mapping of Brain Lateralization Across Psychiatric Dimensions*.
15. **Organization for Human Brain Mapping**, Palais 2 l'Atlantique – Bordeaux, FR. (June 15th, 2026). *A Global Perspective on Hemispheric Complementarity Reveals Population-Level Language and Attention Crowding Phenomenon* (Oral Session: Language Across Brain Systems and the Lifespan).
14. **Rising Scholar Seminar**, Rutgers University – Piscataway, NJ, US. (April 13th, 2026). *Multiscale Organization of Human Brain Lateralization: From Molecular Asymmetries to Cognitive Phenotypes*.

13. **Organization for Human Brain Mapping**, Brisbane Convention and Exhibition Centre – Brisbane, AU. (June 26th, 2025). *The molecular and cellular underpinnings of human brain lateralization*. (Oral Session: Language: Anatomy, Networks and Pathology) Youtube Recording
12. **IMA-brain Seminar Series**, Institute of Psychiatry and Neuroscience of Paris – Paris, FR. (January 28th, 2025). *Hemispheric Specialization as a Model for the Emergence of Cognition*.
11. **CAHBIR Seminar Series**, Rutgers University – Piscataway, NJ, US. (November 18th, 2024). *How Our Brains Process Language: Specialization, Individual Differences, Genetics, and Aging*.
10. **Scientific Focus at LaPsyDÉ**, Université Paris Cité – Paris, FR. (September 27th, 2024). *Hemispheric Specialization as a Model for the Emergence of Cognition*.
9. **LPNC Talks series**, Université Grenoble Alpes – Grenoble, FR. (June 1st, 2023). *From the Elaboration of Language Atlases to Understanding Brain Lateralization*.
8. **Ima-Brain**, UCL Institute of Education - London, UK. (April 19th, 2023). *When Age Tips The Balance: a Dual Mechanism Affecting Hemispheric Specialization for Language*.
7. **Psychology's Current Work Series in Neuroscience**, Department of Psychology, Yale University – New Haven, CT, US. (November 11th, 2022). *From the Elaboration of Cognitive Atlases to the Study of Hemispheric Variability*.
6. **Organization for Human Brain Mapping**, Scottish Event Campus – Glasgow, GB. (June 23rd, 2022). *Relationship between Language Lateralization and Global Brain Architecture*. (Oral Session: Events, Memories, and Language) Youtube Recording
5. **Cognitive Neuroscience Meetings**, Department of Psychology, Yale University – New Haven, CT, US. (May 21st, 2021). *From the Identification of Language Network to Typical and Atypical Brain Organization*.
4. **Oslo Virtual Laterality Colloquium**, Department of Psychology, University of Oslo – Oslo, NO. (February 26th, 2021). *Typical and Atypical Brain Organization for Language*.
3. **3rd Doctoral Day of the Frédéric Joliot Institute**, Neursopin, CEA – Paris-Saclay, FR. (June 14th, 2019). *"Elaboration of Brain Atlases of Functional Areas."*
2. **51^{ème} Journées de Statistique**, Université de Lorraine - Nancy, FR. (June 3rd, 2019). *Study of Inter-Individual Variability of Three-Dimensional Data Table: Detection of Unstable Variables and Samples*.
1. **10^e Colloque des Jeunes Chercheurs en Sciences Cognitives**, Ecole Normale Supérieure – Paris, FR. (March 29th, 2019). *SENSAAS, a New Atlas of Language Brain Areas*.

Posters

26. Daube, A., Culhane, B., Joss, K., Cocuzza, C., **Labache, L.**, Baker, J., Yeo, T., & Holmes, A. J. (2026) *A multimodal dataset for the study of brain connectivity and real-world symptom dynamics in affective and psychotic illness*. **Society for Research in Psychopathology**, Hyatt Regency Columbus - Columbus, Ohio, US.
25. **Labache, L.**, Beyh, A., Parkes, L., & Holmes, A. J. (2026) *A Global Perspective on Hemispheric Organization Reveals Population-Level Language-Attention Crowding*. **Organization for Human Brain Mapping**, Palais 2 l'Atlantique - Bordeaux, FR. DOI: 10.5281/zenodo.20817055
24. **Labache, L.**, Hesling, I., Zago, L. (2026) *Language Lateralization Shapes Task, not Rest, in Attentional and Numerical Networks*. **Organization for Human Brain Mapping**, Palais 2 l'Atlantique - Bordeaux, FR. DOI: 10.5281/zenodo.20817055

Teaching

- 2019 – 2023 Instructor – **University Degree in Neuropsychology**, Université de Bordeaux, Bordeaux – FR, Course title: *Anatomo-functional organization of language*.
- 2018 – 2020 Co-Instructor – **Engineering Degree (M.S.)**, Institut Polytechnique de Bordeaux, Talence – FR, Course title: Statistical modeling and dynamical systems.

Mentoring and Advising

- 2026 – Present Research Assistants, *Sarah Drake (co-supervisor)*
- 2025 – Present Research Assistants, *Alexandra Daube (co-supervisor)*
- 2021 – Present Ph.D. student, *Xi-Han Zhang (co-supervisor)*

- 2021 – Present Ph.D. student, *Yueyue Lydia Qu (co-supervisor)*
- 2023 – 2025 Research Assistants, *Kaley Joss (co-supervisor)*
- 2025 Ph.D. student, *Clément Guichet (co-supervisor)*
- 2024 – 2025 Master-level student, *Kylie Boumbendjé (co-supervisor)*
- 2023 Master-level student, *Léa Auvray (co-supervisor)*
- 2021 – 2023 Research Assistants, *Jocelyn Ricard (co-supervisor)*
- 2021 – 2023 Research Assistants, *Connor Lawhead (co-supervisor)*
- 2018 – 2020 Master-level student, *Martin Constant (co-supervisor)*

Services

Ad Hoc Reviewer: Biological Psychiatry, Brain Structure and Function, Cerebral Cortex, Communications Biology, Human Brain Mapping, Imaging Neuroscience, Journal of Neurophysiology, Journal of Neuroscience, Neurobiology of Language, NeuroImage, Science, Scientific Reports

- 2026 **Grant Reviewer**, *Czech Science Foundation*
- 2022, 2024 **Abstract Reviewer**, *Organization for Human Brain Mapping*
- 2019–2021 **Elected member of the Laboratory Council**, *Institut de Mathématiques de Bordeaux*

Membership

- 2021 – Present **Society for Neuroscience**
- 2021 – Present **Society of Biological Psychiatry**
- 2017 – Present **Organization for Human Brain Mapping**
